

TRAINING PROGRAMME IN COLLABORATIVE MATHEMATICAL RESEARCH

FIFTH CALL

The CRM welcomes applications for a three year doctoral training position. This is the fifth call within the programme of Collaborative Mathematical Research. You can see the general information on the programme in

<http://www.crm.cat/en/Research/Training/CollabMathResearch/Pages/Description.aspx>

Proposed projects

This doctoral training position is specifically attached to the research group of Complex Systems led by Dr. Álvaro Corral, and to work in one of the three proposed projects that can be consulted through the following link:

Complex Systems. Website. Projects.

How to apply

To apply for a position, you must send to crmcalls@crm.cat an email with the following information: name, personal address, email, phone number, and as attached documents (CV, academic records, incorporating, if possible, the computation of the average grade following the same scheme as for the FI-DGR 2014 call, and a motivation letter. Please name all attached files including your family name for easy identification.

The deadline to submit an application is **November 9, 2015**. Applicants should be available for interviews (possibly via Skype) from November 16 onwards.
